

ROJECT TURN- OVERS CONTINOUS TO POUR IN 51ST EBDE

By LTC NICASIO A PADUA GSC (CE) PA
AC of S for Operations, G3

The Brigade has been doing great endeavor to achieve bigger responsibility and accomplishment. Being the premier engineer brigade of the Army and partner for development, our desire is to fulfill the task given from higher authority. For the third quarter period , this Brigade had completed AFP Base Development and KBP projects which were subsequently turned over to end users.

So far, we are facing more challenges as Her Excellency President Gloria Macapagal Arroyo has given a standing instruction to finish all KBP projects before the end of the year. Thoroughly, the brigade are exerting more efforts to fastract the projects. Likewise, brigade's implementers (ECB's) are contributing a lot and sacrificing their comfort just to maintain the momentum to attain the deadline. With high hope, Team 51st Engineer will complete all this projects in a safe and sound manner.

Shown are the matrix of Brigade accomplishments as of 20 September 2009.

KALAYAAN SA BARANGAY PROJECT

NAME OF PROJECT	PROGRAM AMOUNT	NR OF UNITS	COMPLETED	ON-GOING	TO BE STARTED
School Building	48,783,250.00	145	143	2	0
Water System	75,612,148.41	75	75	0	0
