

Team 52E Undertakes KBP Projects

The 52EBde, PA have started implementing Kalayaan Barangay Program projects is a unit that actively operating in Eastern and Northern Mindanao and it was tasked to undertake the implementation of KBP Projects for 23 barangays in Agusan Del Sur, 5 barangays in Agusan del Norte, 10 barangays in Surigao del Norte, 4 barangays in Surigao City, 14 barangays in Compostela Valley and 5 barangays in Davao del Norte and benefiting a total of 61 Barangays.

For the current year 2009, the KBP Projects is being implemented in support to the National Development Program of the Government. The "Kalayaan Barangay" Program is a government initiative intended to transform conflict-affected communities into peace and development areas through accelerated Barangay focused on rehabilitation, development and convergence efforts of the government and civilian agencies. The program component consists of the following basic infrastructure works: Health Centers, School Buildings, Day Care Centers, Access Roads, Electrification and Water System (Level II). Team 52EBde as committed in anyway to a possible services in our countryside assembled value added to the projects some like: Tiles comfort rooms, gutter roofing (down spout), flash door to panel door made of hardwood, and plant box, this greatly benefited the people and boost their welfare.

This project generates job opportunities for the residents during the implementation and contributes to alleviate the living condition in the remotest areas of the province. The program pacify with its purpose to give better quality education, electricity, water and job opportunities to the countryside.
