 - d. Indicative Annual Procurement Plan FY 2022 presentation and deliberation to PABAC 3 dated 23 September 2021.
2. In reference 1a, this Command has no programmed activities for procurement through PS-DBM considering that the unit has no active PS-DBM account as of this date and the effect of COVID-19 Pandemic hampers the coordination to the local PSDBM in Central Luzon. Also, no Agency-to-Agency mode of procurement is indicated in the Command's APP for FY 2022.
3. Per reference 1b, 3FAU, 7ID, PA in consideration to this newly activated unit under due circumstances of the Pandemic allowed this Command to process the Common Use Supplies and Equipment under Negotiated Procurement (53.9) since it has only minimal CSE allotment so as not to hinder the Command's procurement programs and activity.
4. Furthermore, APB FY 2022 and IAPP FY 2022 of this Command undergo series of deliberation to JPBAC TWG and PABAC 3 and no objections were raised on the procurement program of the Command.
